# <https://softleader.github.io/captain-kube/>

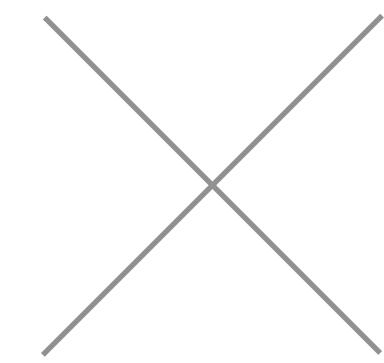

The screenshot shows the Captain Kube website homepage. The header features the title "Captain Kube" in a large, white, sans-serif font. Below it is a subtitle: "Install SoftLeader's products faster, more reliable and automatically on Kubernetes with Captain Kube." A GitHub icon with the text "View project on GitHub" is located in the top right corner. The main content area contains a paragraph about the tool's purpose and its integration with Kubernetes. It includes a screenshot of a web browser showing the Captain Kube interface, which has a clean design with a blue header and a white body containing the logo and a "Get started" button. At the bottom, there's a copyright notice: "Copyright © 2018 SoftLeader Technology Corp. All rights reserved." A sidebar on the right side of the page displays GitHub Pages branding.
